Taking telephone and email shopping orders now.

This is a rough guide to what we have in-store here at the Plough shop. We have much more and are growing the stock every week. We will be continuing opening the shop for the time being but with stricter service rules.

Please can customers use card payments as much as possible we prefer not to be handing cash.

We may be moving onto a service window by the 6<sup>th</sup> April to protect customers and staff.

Wash your hands on entry  
2 Customer policy  
2 Meters apart

Pre booked appointments for 10/20-minute slots will also be available.

It would be ideal for us to take orders for collection shopping for zero contact shopping.

There will be a designated area in the garden under the shelter when shopping can be placed for our zero contact. You can just pop in but may have to wait if we already have customers shopping.

We are taking this very seriously; all staff will wear gloves when handling any goods. All areas will be sanitized throughout the day. We have staff policy in place in regard to COVID19 that no staff can work with any symptoms and are self-isolating in spare time.

A letter to customers and friends,

As you are aware we are now closed for restaurant and bar trade.

Our takeaway call, collect or delivery service started recently has already served many. We are humbled and overwhelmed by your support and would like to give a massive thank you to everyone. We will be continuing the collection service but ask customers to come to the new service window at the front of the pub or call us when you are in the car park so we can bring it to the car.

Now our plan is to open a community stores in old restaurant area. We will have contactless call and collect service and delivery to some areas. The shop will consist of items hard to get in the supermarket such as pasta, loo rolls, fruit and veg, tinned goods and cleaning products.

We will try to use our catering contacts and direct trade with egg farmers, dairies and wholesalers to supply a steady flow of supplies for the village. Much of our food won't be on display for hygiene reasons. We will have a chef making fresh pasta from next week and will be using as many local suppliers as possible.

Our product list and prices for certain items will be subject to change  
The priority will be Shutlanger, the over 65s and all NHS staff.
